

Multisession Courses (continued)

MI42

10:30 AM – 12:00 PM

Molecular Imaging in Oncology

Richard L. Wahl, MD, Moderator

- A. FDG PET for Tumor Response
Richard L. Wahl, MD
- B. Other PET Tracers for Cancer Imaging
Michael M. Graham, MD, PhD
- C. Contemporary MR Techniques for Cancer Imaging
Mark A. Rosen, MD, PhD

MI43

1:30 PM – 2:45 PM

Molecular Imaging in Cardiovascular Disease

Pamela K. Woodard, MD, Moderator

- A. Clinical Needs and Opportunities
Albert Sinusas, MD
- B. Recent Advances in Nuclear Cardiology
Daniel S. Berman, MD
- C. Emerging Trends in Cardiac MR and CT Imaging
Pamela K. Woodard, MD

MI44

3:15 PM – 4:45 PM

Molecular Imaging in Brain Disorders

Jeffrey R. Petrella, MD, Moderator

- A. Functional and Molecular Neuroimaging
Jeffrey R. Petrella, MD
- B. PET Imaging in Brain Disorders
Daniel H. Silverman, MD, PhD
- C. Emerging MR Techniques for Neuroimaging
A. Gregory Sorensen, MD

Quality Improvement Symposium

Tuesday, December 1

QI31

8:30 AM – 10:00 AM

Quality Improvement: Professional Assessment and Challenges

C. Daniel Johnson, MD, Moderator

- A. Overview of Multidimensional Systems for Evaluating Radiologist Performance (360°)
Phillip M. Boiselle, MD
- B. Assessing Physician Performance
James R. Duncan, MD, PhD
- C. Managing the Underperforming or Disruptive Radiologist
James P. Borgstede, MD

QI32

10:30 AM – 12:00 PM

Quality Improvement: Safety and Risk Management in a Radiology Department

Jonathan B. Kruskal, MD, PhD, Moderator

- A. Anatomy and Pathophysiology of Errors in Radiology Practice
Jonathan B. Kruskal, MD, PhD
- B. Strategies for Minimizing Errors in Diagnostic Imaging
Lucy W. Glenn, MD
- C. Disclosure and Apology Laws: Risks and Benefits for Radiologists
Stephen R. Baker, MD

QI33

1:30 PM – 3:00 PM

Quality Improvement: The Business of Quality and Safety: Financial Aspects and Reimbursement

G. Scott Gazelle, MD, MPH, PhD, Moderator

- A. The Balanced Scorecard: A Tool for Linking Strategy to Vision
Jonathan G. Goldin, MBChB, PhD
- B. Pay for Performance: Is It Worth the Effort?
Richard Duszak, Jr, MD
- C. Resources and Strategies for Funding a Radiology Quality and Safety Program
Ramin Khorasani, MD

QI34

3:30 PM – 5:00 PM

Quality Improvement: Implementing Quality Programs in Private and Academic Practices ♦

Lucy W. Glenn, MD, Moderator

- A. Practical Issues for Implementing a Quality and Safety Program in an Academic Practice
Richard L. Baron, MD
- B. Practical Issues for Implementing a Quality and Safety Program in a Private Practice
Joseph R. Steele, Jr, MD
- C. Ethical Challenges Facing the Radiologist in the Era of Safety and Transparency
Richard B. Gunderman, MD, PhD

♦ **Related Informatics Course**

Wednesday, December 2

Course II41

10:15 AM – 12:15 PM

Next Generation IT Requirements for Improving Quality and Safety for Radiology

(page 42)

Radiologist Assistants Symposium

Sunday, November 29

RA11

10:30 AM – 12:00 PM

Musculoskeletal Imaging and Procedures: Protocols and Problem Solving

*Christopher M. Young, RRA, RT (R)(ARRT)
Maurice D. Linkous, MD*

RA12

1:30 PM – 3:00 PM

Neuroimaging Clinical Pathways and Procedures and the Role of the Radiologist Assistant

R. D. Mintz, MD

RA13

3:15 PM – 4:45 PM

Abdominal Pathology: Procedures and Interactive Case Review

*BethAnne Torsiello, RRA, MIS
Russell N. Nusynowitz, MD*

RA14

5:00 PM – 6:00 PM

Radiologist Assistant Practice: Continuing Evolution, Expansion, and Expectations

*Myke Kudlas, MEd, RT(R)(QM)
Joy J. Renner, MA, RT(R)*

Breast Series

(Scientific papers will be presented between lectures.)

Tuesday, December 1

VB31

8:30 AM – 12:00 PM

Breast Series: High-Risk Screening

Christopher E. Comstock, MD, Moderator

Current Evidence of Benefit for Breast Cancer Screening

Stephen A. Feig, MD

Factors Influencing the Acceptance of New Breast Screening Technologies

Bruce J. Hillman, MD

Breast Cancer Risk Assessment and Tailored Screening

Jennifer A. Harvey, MD
