

# Target Move-In Assignments

Radiological Society of North America  
95<sup>th</sup> Scientific Assembly and Annual Meeting  
McCormick Place, Chicago  
www.rsna.org/exhibitors  
November 29 - December 4, 2009

General installation for RSNA 2009 will take place on Friday, November 27 and Saturday, November 28. All booths must be show ready by 9:00 a.m. Sunday, November 29. Companies with a freeform exhibit (20x20 or larger) have been assigned a target move-in date between Monday, November 23 and Wednesday, November 25. Target assignments are based on exhibit size and complexity, proximity to freight doors, impact on surrounding exhibitors, and the overall movement of freight within the exhibit hall. Every effort is made to provide the maximum allowable time to each exhibitor.

Trucks can begin checking in at the marshalling yard two-hours prior to your target move-in assignment. 7:00 AM targets will be unloaded by noon and 11:00 AM targets should be unloaded by 4:30 PM that day.

## Companies bringing Mobile Units

Companies bringing mobile/transportable units and modular buildings must make special arrangements, in advance, with the official contractor for spotting on the exhibit floor. Units not available for move-in by their assigned times may be relocated. RSNA, its contractors and/or agents, assume no responsibility for locating units on the floor which are not available at their assigned move-in times. Please contact Freeman at 773-379-5040 to arrange for an assigned time. All mobile units must be in compliance with fire prevention codes according to McCormick Place Rules and Regulations.
